

AeroTop

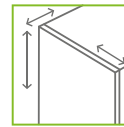

Technical Specifications:

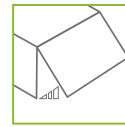

- Vertical opening system with non-invasive look and linear design
- Symmetrical product
- Available 4 versions (2~12kg door weight)
- Door width up to 1200mm
- Door height: 250~650mm
- Door thickness: 16~26mm
- Cabinet minimum depth: 200mm
- Adjustable door opening angle, standard opening 107°
- Stop at any position when the door opens at 52°±7°
- Easy click fixing door and 3D adjustments
- Adjustable damper stroke and spring force

3D ADJUSTMENT

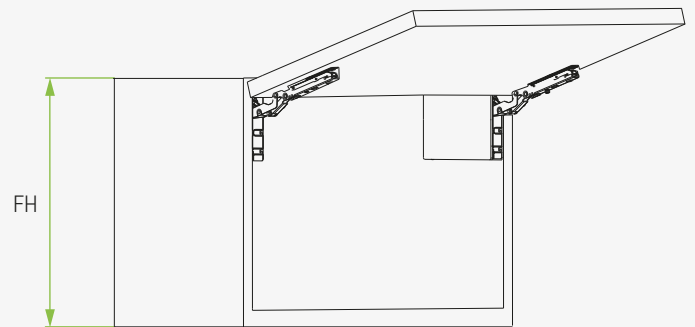

SLOWMOTION

Item	Door Height (mm)	Door Weight (kg)	Capability
F1000	250 - 450	2.0 - 5.0	500 - 1350
F2000	300 - 650	2.8 - 7.0	1100 - 2250
F3000	350 - 650	4.5 - 10.0	2000 - 4050
F4000	400 - 650	8.0 - 12.0	3500 - 5200

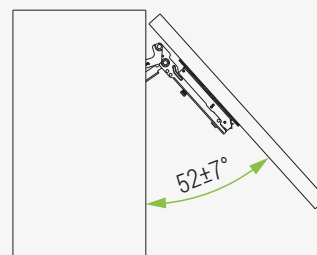

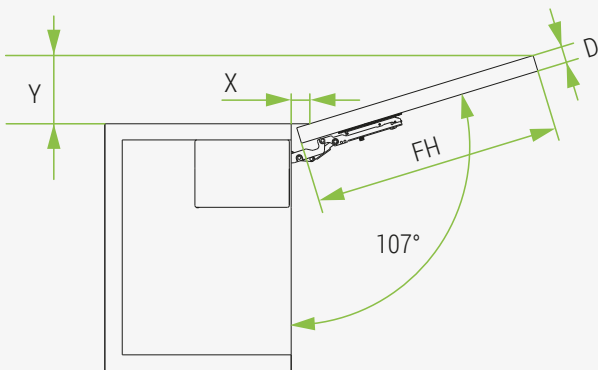

Capability = Door Height x Door Weight

If the capacity segments of the two models overlap, the model with larger capacity shall be selected.

FH = Door Height

Applications

Open angle 107° $Y = (FH \times 0,29) - 6$

D	16	19	22	26
X	70	59	49	26

Values given in mm |
